Additional information about the Direct Transaction Program (DTP)

The terms and conditions of the DTP can be found in the Direct Transaction Program Prospectus at www.computershare.com, and select Employee Online. Following is only a summary of some of the terms and conditions contained in the Prospectus. You should read the entire Prospectus carefully before enrolling in the DTP. The bank account listed on this form will be used for all sale and purchase transactions, as well as all dividend payments for this account.

Purchases

When you purchase shares, UPS will collect payment from you by making a direct debit (withdrawal) from your bank account indicated on the front of this form. The direct debit will post to your bank account on or before the third business day after the day that the purchase order was placed and will be available to view at www.computershare.com, and select Employee Online. No checks or other forms of payment will be accepted. A fee will be charged to the shareowner for any returned direct debits related to insufficient funds or closed accounts. In addition, if you attempt to purchase shares with insufficient funds we will sell the shares you attempted to purchase and you will be required to reimburse the Company for any difference between the purchase price and sale price.

All purchase transactions must be completed through the Shareowner Services website at www.computershare.com, and select Employee Online. Each purchase order is irrevocable once the order is confirmed through the website. A unique confirmation number will be generated on each successful trade and will be provided to you at the time of the trade through the website.

Sales

If you sell shares, your net proceeds (less the transaction fee) will be paid to you by a direct deposit (credit) to your bank account indicated on the front of this form. The direct deposit will post within 4 business days from the date you placed your sale transaction and will be available to view at www.computershare.com, and select Employee Online. No checks or any other forms of payment will be issued.

All sales transactions must be completed through the Computershare website at www.computershare.com, and select Employee Online or through the Computershare Interactive Voice Response System (IVR) at 1-888-663-8325. Each sales order is irrevocable once the order is confirmed.

Reports

Computershare will make an Investor Activity Report available electronically within four business days of your purchase or sale transaction. You may enroll at www.computershare.com, and select Employee Online to access your paperless account statements and other investor correspondence, and can view these as frequently as you wish. If you choose not to enroll, you will receive an annual statement on your account that includes information about your purchases and sales transactions during the year.

Please note that you can request a statement at any time through the Computershare Website or the Interactive Voice Response System at no additional cost. You should retain your statements as a permanent record of your UPS class A share activity.
